

ATI405

HG2337

Drive axle

- Driving axle for regional and long-distance traffic
- Deep running grooves (ensure good traction throughout the life of the tyre)
- M+S designation
- Excellent damage resistance
- Optimal grip for different applications
- Even abrasion pattern
- Improved protection against stone damage and cuts
- Optimised tread pattern design and tear-resistant tread compound
- Improved durability and retreading capability
- High cost effectiveness
- Regroovable and suitable for cold and hot retreading
